

Josua Boon

AI Automation Engineer | Cybersecurity & Project Management

Results-driven Cybersecurity Analyst, entrepreneur, and AI Automation Engineer with a strong foundation in cybersecurity operations, business process improvement, and technology-driven solutions. Experienced in identifying automation opportunities, streamlining workflows, and implementing practical solutions that improve efficiency, scalability, and business performance. Passionate about applying AI and automation technologies to solve real-world business challenges, optimize operations, and drive continuous improvement.

Bakso Kotak Niken, Denpasar, Bali **Owner and Investor | 2024 – Present**

Sole owner and strategic investor, managing all operational, marketing, and financial aspects of a successful culinary business. Oversaw restaurant construction from planning to completion, and successfully implemented automated administrative processes to drive business scalability and customer growth.

Sociale Verzekeringsbank (Dutch Government) **Cybersecurity Analyst (SOC) | 2019 – 2023**

Promoted to a permanent Cybersecurity Analyst role within the Security Operations Center (SOC) following a successful 6-month SOC internship. Delivered core security operations support, threat detection, and incident analysis for SVB's internal clients. Monitored and maintained critical security technologies including SIEM, IPS, and next-gen firewalls, while actively contributing to automated alerting processes.

Sociale Verzekeringsbank (Dutch Government) **Monitoring Specialist (MOC) | 2016 – 2019**

Operated within the Monitoring Operations Center (MOC), working in close collaboration with the SOC environment. Responsible for proactively identifying, evaluating, and mitigating infrastructure disruptions across the SVB network. Analyzed complex system events and provided data insights into operational SLAs and KPIs for critical corporate ICT components.

Fiber Nederland **Operations Specialist | 2015 – 2016**

Performed advanced technical operational tasks, including resolving complex disruptions across copper and fiber-optic infrastructures. Represented the organization on the Disputes Committee, managed large-scale network migrations and relocations, and directly supervised and guided the service center's technical helpdesk.

KPN (Royal KPN N.V. – Market Leader in Dutch Telecom) **NOC Employee (Network Operations Center) | 2013 – 2015**

Maintained stable network operations and resolved complex fiber-optic routing disruptions in strict accordance with SLA and KPI agreements. Contributed to various infrastructure projects within a high-performing Agile/Scrum environment, focusing on workflow optimization and efficiency improvements using the WOW (Way of Working) methodology.

Online.nl (Acquired by T-Mobile Netherlands) / T-Mobile HQ **Technical Engineer | 2011 – 2015**

Participated in complex engineering and infrastructure expansion projects within the ADSL and VDSL teams, seamlessly transitioning through the corporate acquisition by T-Mobile. Managed the daily distribution of engineering tasks among technical colleagues and resolved critical broad-scale access disruptions.

Education

College of Multimedia Amsterdam

Multimedia Engineer | 2015–2016

Hogeschool Leidse Onderwijsinstellingen

BA Economics | 2009–2011 (Not Completed)

Horizon College Alkmaar

Accountancy | 2006–2008

Regio College Zaandam

Facility Management | 2002–2004

Courses / Personal Development

AI, Automation & Data

- 365 Data Science | The AI Engineer Bootcamp (2026)
- DeepLearning.AI | AI for Everyone – Andrew Ng (2025)
- OpenEDG Python Institute | Python Essentials 1 (PCEP-30-02) (2025)
- Global Knowledge | Microsoft Azure Data Fundamentals (DP-900T00) (2022)

Project Management & Leadership

- TJ Walker | The Complete Focus Mastery Course – Brain Concentration (2025)

Cybersecurity & Networking

- Harvard University | CS50 Cybersecurity (Lectures Completed) (2025)
- Official (ISC)² Education | CISSP Self-Paced Training (2022)
- TSTC ICT & Security Trainingen | CISSP Preparation Training (2022)
- Global Knowledge | Implementing and Administering Cisco Solutions (CCNA 200-301) (2022)
- Global Knowledge | Microsoft Security, Compliance, and Identity (SC-900T00) (2022)
- Global Knowledge | Microsoft 365 Fundamentals (MS-900) (2022)
- Skillsoft | CompTIA A+ (2023)
- SVB | IT Security Program (One-Year Training Program) (2018)
- T-Mobile HQ | Information Security & Data Protection (2011)
- Huawei Amsterdam | iManager U2000 (2010)
- Huawei Amsterdam | iManager N2510 (2010)

SIEM & Monitoring

- SMT Zoetermeer | Splunk Training Track (Fundamentals 1, 2, 3 & Visualizations) (2021–2022)
- SMT Zoetermeer | Splunk Infrastructure Overview 6.x (2017)
- SMT Zoetermeer | Using Splunk 6.5 (2016)
- SMT Zoetermeer | Searching and Reporting with Splunk 6.5 (2016)
- SMT Zoetermeer | Creating Splunk 6.5 Knowledge Objects (2016)

Business & Entrepreneurship

- Udemy | How to Start a Coffee Shop Successfully (2025)

Certificates

AI & Automation

- Google AI Professional Certificate
(Modules: AI Fundamentals, Brainstorming & Planning, Research & Insights, Writing & Communicating, Content Creation, Data Analysis, App Building)
- Google AI Prompting Essentials
- Amazon Web Services | Prompt Engineering
- Postman API Fundamentals Student Expert

Project Management & Leadership

- Google Project Management Professional Certificate
(Modules: Foundations of PM, Project Initiation, Project Planning, Project Execution, Agile Project Management, Capstone Project, Job Search with AI)
- Chris Croft | Leadership: Practical Leadership Skills
- Pink Elephant | Root Cause Analysis

Cybersecurity & Networking

- CompTIA Security+
- Cisco Certified Network Associate (CCNA)
- Microsoft Security, Compliance, and Identity Fundamentals (SC-900)
- ITIL Foundation
- Information Security & Data Protection
- iManager (Huawei U2000 & N2510)

SIEM & Monitoring

- IBM QRadar SIEM Analyst
- Splunk Core Certified Power User
- Splunk Fundamentals 1, 2 & 3
- Splunk Visualizations
- Splunk Infrastructure Overview
- Microsoft SCOM 2012

Business & Marketing

- Google Fundamentals of Digital Marketing
- HubSpot Digital Marketing
